

Statement on California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65)

(As of: July 2026)

We acknowledge the requirement of California Proposition 65 (Prop 65) and its importance in informing consumers about potential exposure to chemicals that may pose health risks.

SCHMIDT-KUPPLUNG GmbH hereby confirms that, based on current knowledge, all Controflex® sold/supplied may currently contain the following chemicals listed in Prop 65:

- Nickel CAS-no: 7440-02-0
- Carbon black CAS-no: 1333-86-4
- Methanol CAS-no: 67-56-1
- Formaldehyde CAS-no: 50-00-0

However, the mere presence of these substances does not necessarily indicate a health risk under normal conditions of use. The potential for exposure depends on various factors, such as material composition, application and handling.

According to the current state of knowledge, all other products manufactured by SCHMIDT-KUPPLUNG GmbH are not affected by the chemicals.

We continuously monitor regulatory developments and work to ensure that our products comply with applicable laws and safety standards.
